Preface

Provincial Court

Criminal and Provincial Offences Courts

The data presented in this report reflect the general activity of the Criminal and Provincial Offences Court over the last three fiscal years (1985/86 to 1987/88). The data are presented by county/district total, with the exception of the tables on final in-court dispositions. These tables show the court activity of each court location in the province.

Based on the data reported by the court offices to the Statistical Services Unit, the overall number of new charges received by the court offices in 1987/88 was a 22% increase over the number received in 1985/86. The Highway Traffic Act and Parking Infractions categories had the largest increases (23% and 28%, respectively). These large increases place heavy demands on the court office staff to process the volume of documents. Charges received under the Criminal Code of Canada in 1987/88 increased by 4.5% over 1985/86. However, the number of charges disposed decreased by 3% over the same time period. As far as the total court hours are concerned (which includes gross court hours of judges and justices of the peace), there was a 12% increase in 1987/88 over 1985/86.

The above are a few highlights of the data included in this report. Of course, we do collect much more information which is not included in this report. If there are any questions, and/or further information is required, feel free to call us at 369-2188 or 369-2160.
